Students may complete more than 50 hours of observation, however they may only earn points for up to 50 hours. The observation hours must be completed within two years from time of application.

ADMISSION NOTES

- The PTA program is competitive and selective and is limited to up to 16 students. Applicants are also required to attend a mandatory PTA Program Information Session prior application submission. (Please note that during the 24-25 application year, Information Sessions may be held during/immediately after the application week.) A post-test will be given at the conclusion of the Information Session. Session attendance must be within one year of applying to the program.
- When admission must be limited because the number of qualified applicants exceeds available space, priority will be given to applicants who are residents in the college service area including Martinsville, Henry, and Patrick counties. If further delineation is required, individual category TEAS admission test scores will be utilized.
- Applications to the PTA program are accepted once a year at a specified time, typically in August. Students accepted to the program will begin PTA courses the following spring semester.
- Applicants who are not accepted will be eligible to reapply at the next application period. A new application must be submitted as applications do not carry over from year to year.
- Please note any student who fails to earn a grade of "C" or higher in the required Pre-Requisite courses that are concurrently enrolled in at the time of submission of PTA application will void any program application and possible acceptance.
- All students must complete a criminal background check. Applicants who have committed a felony/misdemeanor may not be offered admission. The Board of Physical Therapy may deny any application for licensure if the applicant has committed a felony/misdemeanor classified under laws of the Commonwealth of Virginia of the United States.
- Students must take and pass a drug screening test prior to starting Physical Therapist Assistant courses. A positive drug screening test will prohibit students from starting clinical courses.
- Students who are accepted to the program must participate in mandatory patient care clinical experiences and proof of the COVID-19 vaccine or a waiver request for exemption may be required by clinical agencies.
